LABEL DIE: 3" x 6"
Back (2 sided adhesive Sticker)

OUR VET WORTHY® NURSING KIT IS SPECIALLY DESIGNED FOR ORPHANED OR NEWBORN KITTENS OR WHEN MOTHERS CAN'T PROVIDE ENOUGH MILK

Kit includes: 1 bottle, 1 bottle brush, 5 nipples

This nursing kit is perfect for orphan infant kittens or when mothers can't provide enough milk. These nipples simulate the real milking process. The 2 oz (60mL) bottle is marked for proper feeding (one tablespoon equals 1.2 fluid ounce or 15 mL).

DIRECTIONS:

- Make a hole in the nipple by cutting a small X with a razor blade or scissors. The opening size will determine the flow of the formula.
- Monitor the nipple condition as your kitten's teeth develop.
- Always consult your veterinarian for specific advice on the care and treatment of your kitten.
- To avoid inhaling liquid, keep your kitten's head level. DO NOT tilt head backward. Feed your kitten in an upright position.

Developed for dogs, cats, hamsters, ferrets, raccoons, guinea pigs, squirrels, rabbits and other pets.

CAUTION: FOR ANIMAL USE ONLY. NOT INTENDED FOR HUMAN USE.

Keep out of the reach of children and animals. This product is not a toy. Inspect product regularly and replace if any part becomes worn, loose or detached. Do not use if product appears to be tampered with or broken.
