HAVE ANGLED HEADS TO HELP
CLEAN HARD TO REACH AREAS**

Use: To help maintain clean teeth and
healthy gums. Regular brushing helps
reduce plaque and bacterial build-up.

DIRECTIONS: To introduce brushing to your dog, start by letting your dog taste a small amount of the dental toothpaste on the tip of your finger. Begin using your finger to gently rub the teeth and gums in a circular motion. Next, add a small amount of the toothpaste to the toothbrush and allow your dog to taste. Expose your dog's teeth and gums and gently start brushing with a back and forth motion. Praise your dog while brushing.

FOR ANIMAL USE ONLY. NOT INTENDED FOR HUMAN USE.

Keep out of the reach of children and animals. This product is not a toy. Only use soft-bristled toothbrushes and toothpaste that are made specifically for your pet. Inspect product regularly and replace if any part becomes worn, loose or detached. Do not use if product appears to be tampered with or is broken.
