

DIRECTIONS: Vet Worthy® Bitter Spray will not stain most areas; however, it is recommended to test the spray on a small inconspicuous area. Shake well before using. Evenly spray on the area you wish to treat each time your dog returns until chewing stops. If using on a bandage, spray the bandage before applying it to the affected area. Wash hands after use. Monitor your pet's reaction and be sure they are deterred by the taste before leaving them alone with the treated surface.

Discourage your dog from chewing and destroying his or her bandages or other items that you want to protect with **Vet Worthy® Bitter Spray**. The convenient spray formula allows safe and easy application to most surfaces, and uses a bittering agent to help make objects unappealing to your canine.

BITTER SPRAY

HELPS DETER OUTDOOR DOGS FROM CHEWING

ALCOHOL-FREE FORMULA

IDEAL FOR PATIO FURNITURE AND OTHER OUTDOOR ITEMS

FOR USE ON PLANTS AND PETS

INGREDIENTS: Purified Water, Potassium Sorbate, Denatonium Benzoate, Polysorbate 20, Sodium Benzoate
